

UNIVERSITY OF NEW ENGLAND

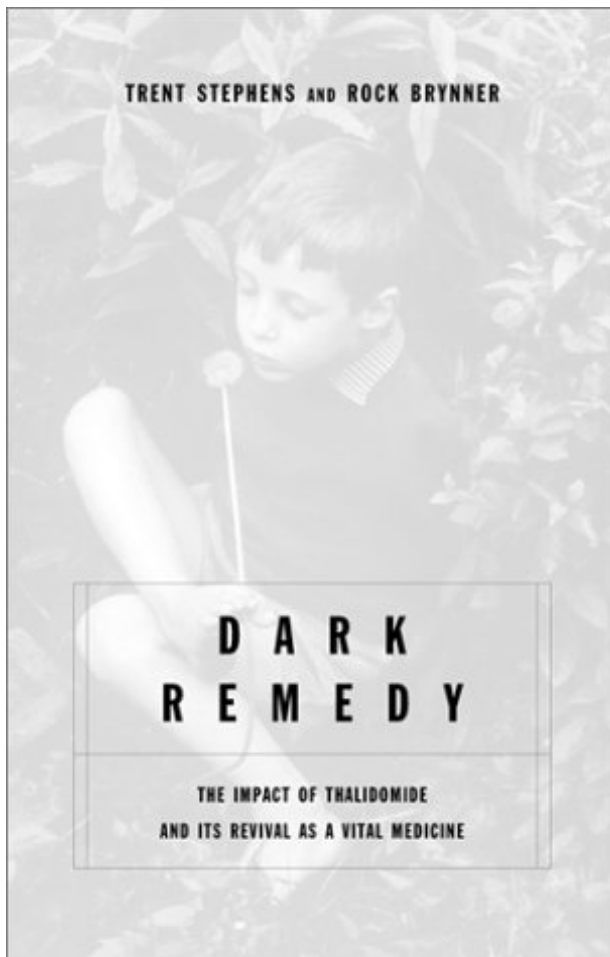

Center for Excellence
in the Neurosciences

Please Join Us!

For an introductory meeting of a Social Hour Book Club

Tuesday, October 27th at 5 pm

In the Pickus Biomedical Research Building, Room 214

The first book we will be discussing is *Dark Remedy*¹, the story of thalidomide. This infamous drug produced one of the worst medical disasters in history, and has made an astounding comeback as a life-saving treatment today. *Dark Remedy* wraps in issues related to drug safety testing, ethics, politics and the human tragedy associated with thalidomide's devastating birth defects.

¹We will be providing copies of the book to all students, faculty and staff who are interested in participating in the book club

Refreshments will be provided

For further information and to RSVP please E-mail Caitlin Tetreau at ctetreau@une.edu
